

Y1 - Knowledge Organiser – Digital Literacy

Key Facts

- There are people online who could make someone feel sad, embarrassed or upset.
- If you're unsure, you should ask for permission or get help from a trusted adult.
- It's important to be considerate online so not to upset others.
- Information can stay online and can be copied.
- Something that one person finds funny online might not be seen in the same way by others.
- Passwords are used to protect information and should be private.
- Where you live, go to school, your phone number and family name are examples of personal information.
- Taking breaks from technology can help to keep you happy and healthy.
- Hyperlinks take you to another webpage or a different part of a document. They can be text or pictures.
- Work created by others does not belong to me even if I save a copy.
